

### \*\*\*Kinderbebe\*\*\*

Introduce your “bebe” to skiing in a laid-back welcoming environment catered toward young beginners. In this creative and fun 4-week program, skill stations are set up to entice your child into snowsports! We focus on experiential learning using play and guided discovery. Some skills covered include how to slide on snow, keeping your balance and use of the handle tow. This is designed to get your child ready for Kinderblick. Ratio is 2 "Bebe's" to one instructor

Parents and “Bebe” meet a snowsports staff member and they will take your child in and get them ready for the day.

#### *Kinderbebe Details*
