

Non-Competitive Ski and Snowboard Team

Take your skiing and snowboarding to a new level with this fundamental-based, non-competitive program. Instructors will use the Ausblick terrain features and personal video instruction to make the most of the experience. The team will ski and ride on numerous features setting specific drills for enhanced technical performance. The program includes race gates, skier/boarder cross, synchronized skiing, and freestyle. Each week will build on the previous as we incorporate new skills and knowledge. Groups are split by age and ability and limited to 5 in a group.

Meet at the red flag on the first day near the handle tow.
